

New Content!

New Workbook!

New Videos!

What's New About This Course?

This NEW, EXPANDED National Safety Council course retains effective features of past training while providing NEW insights for a defensive driver.

The FULL-COLOR WORKBOOK and PROFESSIONAL QUALITY VIDEOS put attendees behind the wheel in a variety of real-world driving situations.

NEW material helps attendees to make the best use of modern VEHICLE SAFETY FEATURES, to avoid the pitfalls of DISTRACTED DRIVING, and to recognize and deal with DRIVER LIMITATIONS.

Attendees learn to identify and deal with hazardous driving conditions not covered in the old course such as ANIMALS and PEDESTRIANS.

Attendees use REALISTIC SITUATIONS to recognize unsafe driving behaviors and decide on defensive driving techniques to combat them.

Attendance at Defensive Driver training has cut the number of state employees and state vehicles involved in vehicular crashes. This NEW COURSE should allow us to manage the expense of insuring state vehicles even better.
